Hi Paul,

Yes, I am aware of the aquifer map. I do have the Planning Board documents electronically. I will see if I do have that in my file and if not I can get it from Planning.

Thank you so much for your concern and interest. Any information on this project is helpful.

Take care,

Tricia

Message

Hello,

I was at the meeting last night for the Lincoln Properties project review. One of the attendees from the Vernon St. Group sent out an image he took at the planning board meeting this past Tuesday, 8/15/2023. It's a picture of the site that includes the location and shape of the Aquifer. It wasn't presented to the group last night. Does the Conservation Committee have the same docs that the Planning board received from the company? If you would like to see the image, I can send it to someone if an email is provided.

V/r,

Paul Medeiros
